Fee for Service

- Fee for service may be between \$0 and \$16,500
- Implementation fee may be between \$0 and \$6,600
- Ongoing service fees may be a flat dollar fee which may be between \$0 and \$8,800 or a % of amount invested (excluding investments using geared funds). For example, if we charge a 1% ongoing service fee and you invest \$100,000, your ongoing service fee will be \$1,000

Depending on your requirements and circumstances the above range of fees may not be applicable, we will work with you to come to a separate arrangement where we will disclose any relevant fees prior to commencing any work.

You will be invoiced directly for these fees and may elect to pay Blue Ocean directly or have these fees deducted from your investments.

Commission

Product providers may pay a commission directly to Blue Ocean for some financial products.

Commission payments may be either initial or ongoing. Initial commissions are generally a once off payment made when new business is placed or additional contributions are made to a financial product. Ongoing commissions are paid whilst you hold the product.

Where possible we may agree to refuse to receive these commissions, rebate these commissions to your account, or use the commissions to offset some or all of your agreed fee for service

Commission on Life Insurance Products

Initial commission may be up to 130% of the initial annual premium. Ongoing commission may be up to 50% of the ongoing annual premium.

Should you cancel an insurance contract within the first year the Adviser reserves the right to invoice you an amount equal to the costs incurred as a result of the provision of financial services to you.

Commission on Investment Products from 1 July 2013

There is no commission payable on new investment products.

Ongoing commission for existing investment products at 30 June 2013 may be up to 5% of the account balance.
